

HELP NEEDED

Wade Morgan (age 29) is a former Combat Marine and Firefighter, touring in both Iraq and Afghanistan. He is a husband, father to four small children, son of a current Orland Fire employee, and grandson of a retired Orland Fire Deputy Chief.

Wade was involved in a catastrophic motorcycle accident in May 2018, which led to a severe injury of his leg, leaving him with limited mobility and unable to work to provide for his young family. Although this journey will be long and filled with many challenges, Wade is hopeful and positive about his recovery through rehab and physical therapy.

The financial burden that follows catastrophic injuries is monumental. Wade, his wife, and his children would greatly benefit from your help.
